PROFILE

I design and build games with a focus on mechanics, systems, game feel, and player experience. I am pursuing a Master's in Game Design at NID Bengaluru, following a B.Tech in Computer Science and a diploma in Unreal Engine development. Through catsarewhat, I take projects from early ideas and prototypes to playable releases.

SKILLS

GAME DESIGN	Game mechanics, game systems, game feel, player experience
ENGINES	Unity, Unreal Engine
PROGRAMMING	C#, Java, JavaScript
ART AND 3D	Blender, Substance Painter, Adobe Creative Suite

SELECTED PROJECTS

DOBARA *In progress | NID Design Project 02 | Unity 6*

A third person stealth action game set in Bengaluru in 2038. The player uses a watch with four time powers. I designed the power rules, stealth AI, freeflow combat, and connected level sequences. The vertical slice is planned for November 2026.

TERMINUS 3D *three.js*

A survivor roguelite where movement is the only input. I built the original 2D Unity game in four weeks. Playtest data showed that 71% of deaths happened in the first four minutes, so I used that finding to rethink how each zone begins.

KANCHA TODH *NID Design Project 01 | Unity 6*

A one thumb physics arcade game inspired by the Indian street game of marbles. I carried out the research and handled the design and programming independently.

BOMBAY CALLING *three.js | Released*

A top down action game built around one hit kills. It was released for browser play and supports gamepad and touch controls.

RAT RACE *NID Game Design 02 | Unity 6 | Released*

An interactive poem about a life spent on a treadmill. I handled the game design, programming, sprite workflow, and sound.

BEAT RUNNER *three.js | Web Audio*

A rhythm runner that generates music as the player moves. I built the prototype in one week.

PLAYABLE GAMES catsarewhat.itch.io

EXPERIENCE

Aug 2024 to Apr 2025	**Consulting Engineer**	Air Mistic Engineers
Jan 2023 to Jun 2023	**Intern, 6 months**	Akums Pharma
Jun 2022	**Intern, 1 month**	Genus Power Ltd.

EDUCATION

2025 to Present	**Master's in Game Design**	National Institute of Design (NID), Bengaluru
2024 to 2025	**Diploma in Game Development (Unreal Engine)**	Pearl Academy, Delhi
2019 to 2023	**B.Tech in Computer Science and Engineering**	Manipal University Jaipur
